CALL FOR ECR ADVISORY BOARD MEMBERS (x2)

CLOSING DATE: 12:00, 14 May 2021

Overview

SPRITE+ is looking to recruit two early career researchers (ECRs) to join its Advisory Board membership. One ECR will represent social aspects of digital trust, identity, privacy and security (TIPS) and the other ECR will represent technical aspects of TIPS (although we acknowledge that a single ECR may represent both aspects). At SPRITE+ we consider ECRs to include PhD students through to first time lecturers/professional practitioners (within the first 5 years). This is an unpaid role, but offers excellent personal development and networking opportunities and allows members to contribute to the experience offered to ECRs through the SPRITE+ programme.

Role Specification

You will join the [SPRITE+ Advisory Board](#) which comprises members from a range of organisations from government, regulators, industry, law enforcement and academia. The Board's role is to: provide advice to the Director and Management Team on the NetworkPlus's strategic direction and activities; promote SPRITE+ with stakeholder groups, and; suggest ways of extending and developing the network. As an ECR member, you will offer insight and guidance on these issues from an ECR perspective. You will also contribute to the wider discussion of the Network and of Trust, Identity, Privacy and Security.

All Board members meet biannually, with meeting dates given 6 months in advance. We may seek your advice outside of meetings on specific activities when required. You will also be invited to attend our annual Expert Fellows meeting. The total commitment from members is a minimum of 2 days per year (and up to 5 days). All travel and subsidiary expenses to attend SPRITE+ meetings are covered by the network. Mentoring will be available in the first instance from an existing Advisory Board member. The role is tenable until August 2023.

Person specification

This role is suited to somebody who has:

- A passion for championing opportunities for ECRs
- An awareness of issues/needs affecting different groups of ECRs
- A commitment to working with SPRITE+ Management Team on ECR initiatives
- Networking skills

Security, Privacy, Identity, Trust,
Engagement, NetworkPlus

Eligibility

Applicants should be:

1. Registered Members or Expert Fellows of SPRITE+
2. ECRs, this includes PhD students through to first time lecturers/professional practitioners (within the first 5 years)

Selection process

Please complete the short [application form](#) and send it to admin@spritehub.org by the closing date. Application forms will be reviewed by a Panel, which will include members drawn from the SPRITE+ Management Team and from our [Advisory Board](#) and/or [Expert Fellows](#) group. Outcomes will be communicated to applicants via email.
